

Name: _____

Date: _____

What's Your Learning Style?

Learning style is an individual's natural or habitual pattern of acquiring and processing information in learning situations. Basically, everyone learns differently. There are three primary learning styles: **Visual, Auditory, and Kinaesthetic**. There are also eight multiple intelligences: **Musical, Visual-Spatial, Verbal-linguistic, Logical-mathematical, Bodily-kinaesthetic, Interpersonal, Intrapersonal, and Naturalistic**. The theory of **multiple intelligences** says that individuals are born with the innate capacity to succeed in a particular area. As you can see, the two are closely related.

Instructions: First, **predict** your learning style and intelligence. Next, **visit** the websites listed in the left-hand column and **complete** the quizzes. Then, **write** down the results of the quiz in the allotted space. In the right-hand column, **explain** how this learning style/intelligence fits you.
